

PRIVATIZED AGENTIC AI · THE INDUSTRY CORTEX

The industry cortex. AI that acts, not just suggests.

KYRA is the agentic AI woven through every Pulse Point workflow — with life & annuity domain expertise and your institutional knowledge built in. She watches your book, diagnoses root cause, and drafts the next move, always with human approval before anything sends.

WHAT YOU GET

- ✓ **24/7 detection**
Flags SLA breaches and stalled cases before they cost you placement.
- ✓ **Drafted interventions**
Prepares 3-prong outreach — carrier, agent, insured — ready to send.
- ✓ **Industry cortex**
Decades of life & annuity knowledge plus your institutional history, built in.
- ✓ **Root-cause diagnosis**
Pattern-matches against your own history with a confidence score.
- ✓ **Role-based briefings**
Case manager, underwriter, commissions, BGA principal, sales — each their view.
- ✓ **Human-in-the-loop**
KYRA acts, but a person approves every outbound message. By design.

Built for everyone across distribution — from the case desk to the corner office.
